

Incentive Travel - RIO CITY BREAK – 3 DAYS / 2 NIGHTS

DAY 01 – RIO – Rio de Janeiro

Rio de Janeiro: There are cities whose secrets can be told in few words. Others, one is unable to image without the aid of pictures. One has to sketch their profiles and color them. With Rio de Janeiro, it is even more difficult. Its color and profile are unique in the world. There is no way to describe such a wealth of sensations. Rio de Janeiro - a city of contrasts. Contrasts of color, of life styles and dazzling scenery that will always fascinate and make one long to be there. Rio de Janeiro is a city sculptured in space that sits capriciously on a thin strip of land between the mountains and the sea. Its horizontal dimensions and hills provide a unique vertical perspective. Every segment of the landscape is different: on the ocean side of the city islands reflect the sun the other side is bounded by a forest with its lush greenery. Winding through the midst of all this, the city, with its avenues and skyscrapers. Rio is the capital of happiness, the sun washed city of Carnival, build around the most beautiful bay in the world. A popular song calls Rio “the wonderful city” and Stephan Zweig wrote: “The beauty of this city is unexplainable”.
